

YVA Environment Project “Ping Xin Er Dong”

青年志愿者协会瓶心而动活动

Pick up a bottle and pick up the dream of environmental protection. The YVA short-term activity “Ping Xin Er Dong” is now recruiting volunteers! Start from ourselves and pick up empty plastic bottles with friends who love public welfare. Expanding your friendship and accumulating the green power start from the trivial. Public welfare is not a grand dream, but minor matters around us. Come to join us and realize your public-minded ideality! This program will be recorded in your voluntary time record. Complete a certain period of volunteer time and you will receive a volunteer certification!
